Dear Jan

Thank you for your recent enquiry about PAL. I am happy to comply with your request for details about us. Please excuse the impersonal system of reply, but in a way it is a good sign as it indicates the amount of correspondence we are dealing with nowadays.

Back in November Pal was formed as an experiment to see if fellow paedophiles were interested in getting together in a social environment. Within a short time it became obvious that this was very much the case. But more than this we found as with many other minority groups we had our militants, Right Wingers, social organisers and a myriad other factions.

So we had our group. It now needed to become structured. Too many people were arriving weekly to fit into the Gay Centre, we needed our own place. All these madatory needs are being fullfilled. We now have our own centre at the above address and get together twice weekly on Tuesday and Friday. Our first news letter will be published in April and we hope to scrape up telephone lolly soon.

Through this tunnel of progress and thanks to the huge support of fellow Boy/Girl lovers our aim is becoming clearer. To bring together all those who in either thought or deed recognise the existance of phaedophilia, either in themselves or as a desireable part of society. With our many new friends to form logical, reasoned arguments to dissolve the prejudices of our sick society. We can hope, but little more, that the law will change one day and we can see to it that we are not the misunderstood outcasts of our land. By coming along to our group evenings the opportunity for discussion and logical plans for the future is open to you. There is strength in numbers and we certainly have those.

Yes we do need funds. Who doesn't? We do not, however charge a membership fee, but anyone coming along to our evenings is asked to donate a 20p sub. Out of towners who would like to be kept informed are asked to donate a minimum of two pounds to cover postage of newsletters. We of course waive any sub for you if you can manage to get along to a meeting. I hope you will decide to stick with us and look forward to you coming along.

Sincerely

Douglas
